## WELCOME

Welcome to Dipesh Patel, Vincent Phat, Carleesha Fatuamaka, Bernard Nazahryth, Lakia Lagatule, Cassius Tavita and Joshua Paniani, Ireen Ting and Geoffrey Hiku-Harding.

We welcome all new children and families to our school and hope you have a happy and enjoyable time with us.

## LIFE EDUCATION VISIT

The Junior school have all enjoyed visiting the Life Education caravan this week. The interactive programmes has kept them all totally involved. Discovery have met Harold the Giraffe who helps them learn about healthy foods. They are looking forward to going to Harold's picnic on their next visit to the caravan. Discovery learned about making healthy choices and met Tam the model who introduces them to parts of the body. Voyager were shown the importance of living a healthy lifestyle in the "Oxygen for Life" programme which teaches about the respiratory system. Endeavour Pod has been exploring the human body and its major life giving organs, and how pressure can affect the body. We have enjoyed an interactive lesson, using a model of the human organs and watched a programme which helped us understand the major functions of the body and how they work together. Students also learnt ways of preventing stress and the physical and emotional changes it has on the human body.

## SCHOOL WINTER HATS

Last week our uniform supplier and the PTA presented all 630 children with a free polar fleece hat. David Krantz from Uniforms Direct, along with the PTA sponsored the hats to help keep the children warm in winter.

A huge thank you to David and our PTA.

Welcome

 School will re-open at **8.30am on Monday 8 October, 2007**  
 for the start of Term 1.  
*Enjoy the holiday break.*

## ENTERPRISE 2 FILM MAKING

This term Enterprise pod has been working on making a movie of their own, for the "Night at the Oscars" next term. On Thursday 6 September, the main characters

from N2's movie went on a 'kiwiana' tour around Auckland to film part of the Kiwiana movie. They had a great experience and visited One Tree Hill, the Museum and the Harbour bridge. We wish all the producers and directors the best of luck for our big Night at the Oscars".

## YEAR 7 MIXED SOCCER

On Wednesday 29 August, Enterprise Pod's soccer team travelled to Weymouth Intermediate to challenge them at soccer. Both teams were evenly matched but Enterprise managed to be victorious. All players displayed excellent skills and sportsmanship. We would like to thank Mr D Thompson and Miss C Tegg for coaching us and for organising the event. The players of the day were **Wuanyei and Edwin** for showing outstanding skills and determination.

*By Richard and Samreem Enterprise Pod*

## SENIOR SCHOOL DISCO

What a great "Bling" evening the Senior school had last Wednesday. The costumes, and dancing was fabulous and behaviour exemplary. **Our thanks to the PTA and staff** who organised the Disco.

## PASADENA INTERMEDIATE TECHNOLOGY WEEK

In week 6 Enterprise students had a very busy time at Pasadena Intermediate. They were involved in a range of activities as part of their technology education. Lessons included food preparation, constructing, decorating and programming a cam activated toy, using the K-Nex to construct a simple beam and suspension bridge. They were also introduced to multi media software so that they could prepare a presentation about port operation and static structures. Besides all this, they had the opportunity to take a boat trip around the harbour. They observed the port operation in action and viewed from the underneath, the structure of the harbour bridge. It was a great experience.

## ENDEAVOUR SCHOLARSHIPS

Congratulations to **Shanika Tuala** who has won an Endeavour Scholarship to St. Cuthbert's for her Intermediate and College years.

The Endeavour Scholarship is a prestigious award and is only given to 4 boys and 4 girls nationwide each year. We are very proud of Shanika's achievement and wish her well at St. Cuthbert's next year.

**WELL DONE SHANIKA**
