SUPER SCIENCE SHOW WITH NANO GIRL

On Tuesday August 11, the students were treated to a "Super Science Hero Show Spectacular" hosted by Dr Kate Sparks, a science educator better known as "Nano Girl". The show was delivered entirely with breath-taking experiments and clever engineering demonstrations. The opening scene enthralled the students when "Nano Girl" set fire to the bubbles in her hand! The show was non-stop, with many surprising moments. There were several opportunities for our students to assist "Nano Girl" on stage. Even Miss Edinberry dauntlessly rode on the hover board powered by a leaf blower!

Each part of the demonstration explained a concept including the super science of balloons, the power of super breath and air pressure, the science of levitation and the principles of aerodynamics to demonstrate flight. The show concluded when a leaf blower was used to send toilet paper flying out into the audience. *What a mind blowing afternoon!*

CELEBRATING OUR DIVERSITY

Over the last 2 weeks we have celebrated both Tongan Language week and Maori Language week, *Te Wiki o te Reo Māori*. We have also had our bi-lingual students making announcements on the speaker system. We practiced our very own school haka, which was written specifically for our school.
