The Middle School have covered:

Who am I? Family Tree, Respect and Together We Can, My Cultural Story, Cultures Around the World and Learning From Each Other.

Our schoolwide theme has concluded with an International Day to celebrate and share all our cultures and diversity together. As a school, we continue to join in cultures through friendship, growth and respect. The pride in our diversity and so many cultures was evident in the many smiling faces in our Cultural Parade last week.

Thank you to everyone who participated and to parents for supporting us in the wearing of precious Taonga.

School Property

The new school canopy/shade is finally progressing and we hope to have it fully erected before the end of Term.

It has been 3 years in the planning and will have seating cut into the bank also. We look forward to it being available in the future.

We have a section of the footpaths closed off around the office and Performing Arts Theatre. This is due to uneven ground surface and concrete will be being replaced and ground down to level it off. Please use the safe areas and do not go through the cordoned off flags. Thank you.
